

Despre adevarata amenintare terorista la adresa cetatenilor americani, in opinia lui [Steven Horwitz](#) :

“Since 9/11 the biggest threat to the American people is not radical Muslim terrorists, nor deranged domestic terrorists, but the terrorists with the blue uniforms, badges, and body armor. Their weapons of mass destruction are not bombs, but state-approved guns, latex-gloved hands, and a profound disregard for our rights. Until we stand up and say, “Enough!” these terrorists will keep winning and our rights will continue to be lost.”

[David Friedman](#) s-a apucat de gatit, online si free, bucate medievale:

But policy makers did the wrong thing in the bubble. Likely they’re doing the wrong thing in the slump as well, destroying confidence through their interventions”
